

GOPALAN COLLEGE OF ENGINEERING & MANAGEMENT
&
GOPALAN SCHOOL OF ARCHITECTURE & PLANNING

GLIMPSES

Gopalan College of Engineering and Management (**GCEM**) and Gopalan School of Architecture and Planning (**GSAP**) were established in the year 2010 by the founder Mr. C. Gopalan, an Architect, with the objective of imparting best education in the field of Engineering and Architecture for future Engineers who would be part of nation building, society upliftment and parental satisfaction. Both being a decade old institutions provide quality technical education in a diverse and multicultural environment.

GCEM and GSAP celebrates the power of knowledge, cultivates vision and encourages new ideas, while also inculcate human values. The transformative engineering education here includes a broad-based curriculum underscored by multi-disciplinary courses and cross-faculty enrichment, as well as special programs that allow students to realize their potential and make them competent, inspired and successful professionals.

Gopalan College of Engineering and Management is affiliated to Visvesvaraya Technological University (VTU), Belgaum, approved by AICTE, New Delhi and recognized by Government of Karnataka. GSAP is also affiliated to Visvesvaraya Technological University (VTU), Belgaum, approved by Council of Architecture , New Delhi and recognized by Government of Karnataka. GCEM is an ISO 9001:2015 certified institution. Initially, GCEM started with four undergraduate programs with an annual intake of 240. The college is located in Hoodi, Seetharam Palya (back side of SAP) with a campus area of about 7.17 acres. At present, the Institute has an annual intake of 300 students for undergraduate programs in 5 disciplines and Architecture with 40 Students. The disciplines are :-

1. AERONAUTICAL ENGINEERING
2. COMPUTER SCIENCE ENGINEERING
3. CIVIL ENGINEERING
4. ELECTRONICS AND COMMUNICATION ENGINEERING
5. MECHANICAL ENGINEERING
6. ARCHITECTURE

In addition, the Institute has set up Research Centers in four departments to promote research activities and this is approved by VTU and AICTE.

GCEM and GSAP have state-of-the-art infrastructure, creating an environment for progressive learning and development. It also has computer and internet facilities, modern workshops, ICT enabled class rooms (Interactive panels), seminar halls, auditoriums and well-stocked libraries, sports and games fields including indoor Football and Cricket ground.

While students at GCEM immerse themselves in academics, the college has a lot in store for other outdoor activities. Student life includes participation in cultural, sports, recreational and co-curricular activities. In short, at GCEM students will find an academic and social environment where everyone- from faculty members to peers helps shape their future.

Our Academic Strength:

- About 10 years in the education domain
- An average 16.5 years experienced faculty in all the departments
- A total of 15 Ph D holders and stretching out 2 to 3 PhD holders in each department
- Our college has a well-developed ICT (Information and Communication Technology enabled) structure which enhances student's positive approach towards curriculum.
- Research Center for CSE, CIVIL, ECE, MECH approved by VTU and AICTE
- Well Equipped Laboratories with the latest SW, Tools and Machines
- All Class Rooms equipped with SMART Interactive Board with High Speed Internet Connectivity, LCD Projector and Camera fixed.

- All Faculty members are well trained to handle the SMART Interactive Board with the latest technology.
- Tie up with the IIT Bombay for the Spoken Tutorial Training
- Conducted eight Seminars and one International Conference and many more in the pipe line.
- Our All Class Room and Computers are updated with the latest technology to enable to conduct the Online Class for the students.
- We are member in the IET, UNISEC, NAL, ICI, IPE, ICTACT.
- MSME approved our Institute as Host Institute for Incubation Center to improve entrepreneurship skill among students .
- Institute Innovation Council under AICTE and MHRD
- Gopalan Research & Innovation Training Center (GRID)

Our Placement & Internship Support :

- 100% Placement Support domain wise and 2019-20 and 89.9% done till June 2020.
- 100% Industry Internship Support with proper guidance.
- Compulsory Soft Skill and Communication Training provided from the reputed Training Vendors.
- Guidance from the Career Guidance Cell managed by well trained and certified Career Counsellor.

Our Students Support Activities :

- Very reasonable fees collected from the students
- Based on the family background and marks, attractive scholarships in terms of Fees and other benefits
- Scholarship for general and Govt aided students in very attractive way.
- Anti Ragging Monitoring in whole campus with CCTV and security round the clock.
- Medical First Aid facility with the Medical Room, 24 Hrs Doctors on Call Duty and Ambulance Facility .
- Students interested in Sports can utilize Gopalan Sports Academy Grounds for their sports needs and for extra curricular activities
- We have two in house Incubation Center for the benefit of Students to utilize their Technical Capabilities as well to enable their Entrepreneurship Skills.
- We have created Students Clubs namely NSS, Aero Modeling Club, UAV Club Software Group Club and Game based Learning Club etc.
- Conducting regular basis of Tech Talk, Seminars, Cultural Programs, Inter and Intra Institute Competitions etc.

Our CSR Activities :

- Gopalan Foundation supported approximately one thousand distressed works and families during COVID 19 lockdown with the shelter and quality food.

Our Infrastructure :

- Well equipped and maintained Hostel Facility for both Boys and Girls in separate wings with quality homely food, Wi-Fi Facility, Stationery Shop, RO Water Facility, Hot Water in the Wash Rooms and well hygienically maintained Wash Rooms etc.
- Fully sanitized and social distance maintaining class room and other areas, complying COVID protocols.
- Library with e-resources and updated Engineering, fiction and management books available.
- 100MBPS Internet Connectivity

Why Engineering ?

Someone asked an engineer, “Why do you feel proud of being an engineer?” He smiled and replied, “The income of lawyer increases with the increase in crimes and a doctor’s income increases with the increase in diseases but an engineer’s income increases with the increase in the prosperity of people or even the whole nation. That’s why, we engineers feel so proud.” A file in the hand is the identify of a lawyer stethoscope in hand-a doctor and chalk in hand-a teacher but nothing in hand and everything in mind is the identify of an engineer.
